

Space Adventure Enrichment Program

SpaceTime Space Adventure Enrichment Programs are activity-based, space science-themed before and after school programs that get kids energized and excited about science through unique space science exploration activities. Though their main emphasis is on fun and interactivity, each program is structured around core principals of science and involves critical thinking exercises that encourage kids to challenge their understanding of the world they live in and the space that it inhabits.

For the fall of 2011 SpaceTime is offering the following exciting, six-week Space Adventure program at Academy Charter School in Castle Rock.

Alien Invasion

THE ALIENS ARE COMING, THE ALIENS ARE COMING!! Alien Invasion takes kids on a virtual space mission to search for alien life on some of the new worlds that have been discovered outside our solar system. They will get to do science fly-bys over these exotic worlds, attempt a landing on an alien ice moon and take an interstellar voyage to the distant star Gleise to see if its worlds have any alien creepy-crawlies. And, to bring things home they will get to explore the possibilities that alien explorers have visited the Earth by putting on their science hats for some out-of-this-world classroom detective work.

Program details:

Grades 1st - 4th

Tues, 11/1 - 12/13/11

4:00 - 5:00

\$65.70/child

We make registration easy. To register:

- 1) Call SpaceTime at 720-851-7700 **or**
- 2) Go to our website at www.SpaceTimeKids.com **or**
- 3) Send us an email at info@SpaceTimeKids.com (**do not** include payment info) **or**
- 4) Fill out the bottom 1/2 of this form and mail it to us (with payment info):

SpaceTime, Inc., 10458 E. Parker Rd., Parker, CO 80138
